

OHIP Billing: Vaccination Schedules

Quick Reference Guide

With vaccines ranging from flu season shots to those given during childhood and adulthood, it can be challenging to remember which vaccine codes correspond to each vaccine and the appropriate timing. This short guide offers a clear overview of all vaccines a patient receives throughout their life.

Sole Reason for Immunizations

Physicians can bill G700 in addition to immunization codes when seeing a patient solely for immunizations.

Fee Code	Fee Description	Value
G700	Basic fee-per-visit premium for procedures marked (+) in the Schedule of Benefits	\$8.80
